Golf Insider Practice System – Putting

For this challenge you are required to hit 20 putts from each short-range distance and 10 putts each for every mid-range and long-range putt (120 putts in total).

Have some break in between, and be sure to make notes on putts holed, putts missed left, right or because of poor pace.

Look at your data and decide what your key focus should be to improve your putting performance.
